

# Coverage designed to keep your business moving

Because no two operations are alike, Nationwide® offers flexible commercial auto insurance plans—designed to fit your business's needs. We can help you decide what coverage options and liability protections you need.

## Coverage options

You deserve flexible, affordable options that allow you to design coverage that meets your unique needs. With Nationwide, you may select individualized coverage for your commercial vehicles against many common causes of loss.

## Liability protection

An important part of your commercial auto policy is liability protection. If someone gets hurt or their property is damaged in an accident involving one of your company vehicles, your business could be in jeopardy. Visit with us about the level of coverage you need.

## Great extras—at no additional cost

**Accidental airbag discharge:** If your airbag accidentally deploys, Nationwide will pay for its repair at no cost to you.

**Emergency lockout:** If you or your employee is locked out of your private passenger vehicle, Nationwide will pay up to \$50 for a locksmith's services.

## More coverages

**Trailers and farm equipment:** Gives you liability coverage for trailers made to be towed by a private passenger vehicle, panel truck, or van—even if not used for business purposes.

**Newly acquired vehicles:** If you get a new vehicle and tell us within 30 days and Nationwide already insures an auto you own, Nationwide will provide liability and physical damage coverages for your new vehicle.

**Blanket additional insured:** Covers any person or organization you agree to name as an additional insured in a written contract.

**Autos hired or rented by employees:** Coverage automatically applies if hired or rented autos are covered autos on the policy.

**Electronic equipment:** Coverage for factory-installed electronic devices.

## Working harder for you

Nationwide delivers quality products and coverages tailored to meet the unique insurance needs of your business at a competitive price.
